SEEDING INFORMATION

The Seeding Meeting will be held **Monday, January 29, 2024, at 6:30 p.m. at the LHSAA office.**

A Division Coordinator, as selected by the LHSAA each year, shall be a head coach from each division. Each division will be represented by the division coordinator and one coach from each area of the state.

The three Divisions shall meet on the Monday of the week of the State Wrestling Tournament. **The meeting will be closed to all except for the Division Coordinator and the committee members.**

The committees will seed the wrestlers using the seeding criteria approved by the LHSAA Executive Committee, The Track Wrestling Program will be used in the seeding process.

The seeding committee will determine nine wrestlers to be seeded in each weight class. The seeding committee reserves the right to seed fewer than nine wrestlers in a weight class if there are not enough athletes eligible to be seeded according to the criteria.

The seeds for each weight and rosters for each team will be published and released to the public on Monday evening after the meeting, but brackets will not be built. All state wrestling tournament brackets shall be built on Friday morning after all athletes have completed skin check and have been weighed in.

Only the top eight seeds in each weight class will be placed on the bracket in their respective positions. The ninth seed is an alternate seed in the event that a seeded wrestler is deemed ineligible to compete for any reason (missing weight, failing skin check, not attending, etc.). If one of the top eight seeds is scratched, the seeds will be adjusted and the alternate will fill the next available spot after all the others have been moved up. All athletes not seeded will be randomly drawn into the bracket.

Division I

A wrestler must have at least ten matches in the division and a winning percentage above .500, excluding forfeits, to be considered for seeding. If a weight class has less than nine wrestlers that meet this criteria, then the seeding committee shall seed only those wrestlers who meet this criteria, even if it results in less than nine wrestlers being seeded. All wrestlers who meet the criteria shall be considered for seeding. When determining seeding for the State Wrestling Tournament, the following criteria in order will be used to determine seed placement:

1. Head - to- head competition is primary criterion for seeding between two or more wrestlers. If tied, proceed to next criteria. (Won/Loss only - score is irrelevant)
2. Win/Loss record versus common opponents in the current state tournament bracket in which the wrestler is competing in. (Won/ Loss only - score is irrelevant)
3. Win/Loss record versus all common opponents. (Won/ Loss only - score is irrelevant)
4. Place finishes in common tournaments in current year. (Defined as a single tournament in which both wrestlers entered and competed at the same weight class.)
5. Preceding year state tournament finish in the same division and weight class.
6. Preceding year state tournament placement.
7. Overall winning percentage versus all opponents (including forfeits.)
8. Vote by committee, if necessary.

EXTENUATING CIRCUMSTANCE EXCEPTION: The seeding committee shall have the authority, by majority vote, to set aside the baseline qualifying criteria found above (ten matches .500 winning percentage) in the event of a participant's injury, illness, or other extenuating circumstance of which the participant had no control. By setting aside the baseline criteria, the seeding committee makes the participant eligible for seeding according to the seeding criteria.

Division II

A wrestler must have at least 10 matches in the division and a winning percentage above .500 or better, to be considered for seeding. If a weight class has less than 9 wrestlers that meet this criteria, then the seeding committee shall seed only those wrestlers who meet this criteria, even if it results in less than 9 wrestlers being seeded. All wrestlers who meet the criteria shall be considered for seeding. When determining seeding for the State Wrestling Tournament, the following criteria in order will be used to determine seed placement:

1. Head-to-head competition is primary criterion for seeding between 2 or more wrestlers. If tied, proceed to next criteria. (Win/Loss only - score is irrelevant)
2. Win/Loss record versus all common opponents. (Win/Loss only - score is irrelevant)
3. Place finishes in common tournaments in current year. (Defined as a single tournament in which both wrestlers entered and competed at the same weight class.)
4. Preceding year state tournament finish in the same division and weight class.
5. Preceding year state tournament placement.
6. Overall winning percentage versus all opponents (excluding forfeits).
7. Vote by committee, if necessary.

EXTENUATING CIRCUMSTANCE EXCEPTION: The seeding committee shall have the authority, by majority vote, to set aside the baseline qualifying criteria found above (10 matches, .500 winning percentage) in the event of a participant's injury, illness, or other extenuating circumstance of which the participant had not control. By setting aside the baseline criteria, the seeding committee makes the participant eligible for seeding according to the seeding criteria.

Division III

A wrestler must have a winning percentage .500 or better, to be considered for seeding. If a weight class has less than 9 wrestlers that meet this criteria, then the seeding committee shall seed only those wrestlers who meet this criteria, even if it results in less than 9 wrestlers being seeded. All wrestlers who meet the criteria shall be considered for seeding. When determining seeding for the State Wrestling Tournament, the following criteria in order will be used to determined seed placement:

1. Head to Head
2. Record vs. common opponents (Win/Loss only - score is irrelevant)
3. Tournament placing at common tournament in the same weight class (only tournaments where wrestlers have a chance to come back for third) (Defined as a single tournament in which both wrestlers entered and competed at the same weight class.)
4. Preceding years state tournament finish (if at same weigh and wrestled in the tournament)
5. Overall Winning percentage versus all opponents (excluding forfeits)
6. Vote of committee

EXTENUATING CIRCUMSTANCE EXCEPTION: The seeding committee shall have the authority, by majority vote, to set aside the baseline qualifying criteria found above (winning percentage .500 or better) in the event of a participant's injury, illness, or other extenuating circumstance of which the participant had no control. By setting aside the baseline criteria, the seeding committee makes the participant eligible for seeding according to the seeding criteria. In the event that there are less than 4 athletes eligible for seeding, the committee may use the following criteria: a .500 record in the division (excluding forfeits, must have at least 5 matches in the division) or, a .500 record at the weight class (excluding forfeits, must have at least 10 matches at the weight class) in an effort to separate athletes and fill the bracket.

Any questions about skin conditions will be examined by the tournament physician and his/her decision will be final.

All wrestlers that intend to weigh in SHALL be present at the designated weigh-in time and may not leave the weigh-in area until they have weighed in.

Once a wrestler leaves the weigh-in area, he/she will not be allowed back in.

All special equipment including hair covers, braces, t-shirts, tooth and mouth protectors, and face mask must be presented at the weigh-in and approved by the officials.

CONDUCT OF TOURNAMENT

The Division I, II, and III State Tournament shall be a double elimination tournament.

In order to eliminate byes, pigtailed matches may be used in the first round of the championship bracket. Division I shall use a 32-man bracket if applicable and shall use a 16-man bracket when necessary. Divisions II & III shall use a 32-man bracket or 16-man bracket or even an 8-man bracket, if necessary.

Pigtailed matches will be drawn based on the number of wrestlers entered in that weight class. All other wrestlers will be placed on the bracket by a draw. All byes shall be randomly drawn.

Pigtailed wrestlers will wrestle each other to enter the tournament. The winners of the pigtail matches will be placed in the Championship Bracket with the seeded wrestlers. The losers of the pigtail matches will be placed in the second round of the Consolation Bracket. There should not be any wrestlers in the first round of Consolations. Pigtail matches do not score points.

The seeded wrestler will be placed in the Championship round 16-man bracket according to the rule of seeding.

Scoring shall be in all rounds and will be normal scoring advancement points. All byes shall be randomly drawn.

If the number of wrestlers requires a large number of pigtail matches, the pigtail will be added by pulling out the seeded wrestler in this order to wrestle the pigtail wrestler: #8 seed, #7 seed, #6 seed.

Pigtail matches shall be used for any weight class that has more than 32 competitors in Division I and more than 16 competitors in Division II and III. This round shall not score. The brackets, for a division, shall be re-drawn when a seeded wrestler or when the byes need to be adjusted due to a wrestler not being able to wrestle in the tournament.
